Thanks Mike. Is this ok to include? Also, I'm assuming you are all ok with what the comms team sent to respond to #5 and #6 below?

1. Recently, the EPA announced it changed its position on allowing states to request a pesticide label restriction under FIFRA 24(c) - now requiring states to go through a more onerous process of using FIFRA Section 24(A). What resources can EPA bring to the table to facilitate state approvals under section 24(A)?

As a follow-up to my email below for input on answering #7 below for the OPEE meeting with NASDA, the Comms Team is providing the response below to questions 5 and 6. They used recent press inquiries. I just wanted to run this by you to see if you're ok with their response below.

Here's approved language from recent press inquiries to answer 5 & 6. Of course, 6 is not an answer we can pinpoint right now.

5. Can dicamba tolerant farmers make 2022 growing decisions and place their crop input orders knowing that "over-the-top" dicamba products will be available for the next growing season?

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

6. Follow-up: How soon can EPA provide a decision that gives farmers assurance the “over-the-top” dicamba products will be available for 2022?

Subject: FW: ASAP TURNAROUND: NASDA briefing materials

The Office of Public Engagement and Environmental Education/Ag is preparing for a meeting with NASDA and is asking for assistance with questions below. Cheryl Dunton said she can handle responding to 5 and 6. How would you like to respond to #7? This is due by COB tomorrow.

5. Can dicamba tolerant farmers make 2022 growing decisions and place their crop input orders knowing that “over-the-top” dicamba products will be available for the next growing season?
6. Follow-up: How soon can EPA provide a decision that gives farmers assurance the “over-the-top” dicamba products will be available for 2022?

Hi Darlene – I'm looping in Shamus here. She can provide you the latest language we've used on dicamba in press inquiries for questions 5 and 6. I don't think we have anything on the 24C stuff. Does that work?

Darlene and Cheryl,

Please see below and attached questions from OPEEE. They would like OCSP to provide answers for questions 5,6, and 7 in the attachment. Since this needs to get to OPEEE by COB tomorrow, could you provide a draft to Mary and Gloria **by Noon tomorrow**? I'll be out of the office, but they can coordinate.

Thanks,
Jonah

Subject: ASAP TURNAROUND: NASDA briefing materials

Hey team, pulling together a thread on NASDA materials to make sure we're all on the same page for some ASAP turnaround materials to prep for the NASDA meeting on Monday. Below is a breakdown for what I'm hoping everyone can pull together, please let me know if you have any flags! I'll flag that I'm out tomorrow so please make sure to keep Rosemary looped in on all of this. Let's aim to get as much of this sent back to OPEEE/Maria by EOD Thursday.

BACKGROUND AND Q&A: Attached is a doc with NASDA's proposed questions. Can the following teams prep background and TPs for their respective questions?

- **Working with states (Q1):** OCIR, along with Emily and Venus in the Ag office
- **WOTUS (Q2-4):** Can OW propose one question that captures at least parts of the WOTUS issues in the doc, along with the background+answers
- **Dicamba (Q5-6):** OCSPP, and feel free to suggest a revised/combined question here
- **FIFRA (Q7):** OCSPP, do you want to answer this question or should we suggest cutting it? If we answer, please prep!
- **Q8:** OPEEE

OPEEE/Ag Office will be compiling the background, and Maria will be working through TPs. Please send both to me, Maria, Rosemary, Susan Park, and Emily Selia.

Thanks!

-Max
